

Dear sir,

As the English teacher of the school in Sri Lanka at which the students of your school conducted English teaching sessions on 26th, 27th and 28th January 2014, which was facilitated by Global Sapiens Edutour LTD, I wish to convey my sincere thanks to you on behalf of the principal, teachers and students of our school. It was an interesting and beneficial program and was so successful.

It is a great pleasure to have your students at our school and above all our students were enormously benefited by the teachings of your students which gave them a better exposure to English language communication as they received an opportunity to interact with a foreign set of students which kind of opportunity they hardly receive. The students of our school were immensely delighted by the activities and performances of your students.

We are really grateful to you for sending your students here and giving this precious opportunity to the students of our school.

Moreover the book shelves and the books offered to us as donation and goodwill by your school are greatly appreciated by all of us here. It's pleasure to host your students and we would like to have another set of students from your school again to conduct that kind of a program in the future as well. Thank you very much.

Yours' faithfully

Sankalpa Gamage

English teacher

Angunukolawawe primary college.
